

Selection Minute of a Researcher

Preamble

The selection refers to the tender for a work contract with non-fixed term for 1 (one) Researcher, under the project No. 030062, Operation Code: NORTE-01-0145-FEDER-030062, "SIM4SafeBirth, A Biomechanical Approach to Improve Childbirth Outcomes", financed by FCT, with European Regional Development Fund and State Budget, which took place between October 19 and November 5, 2021, with the reference RH CT Sim4SafeBirth UBS 35/2021.

According to the FCT regulations for the awarding of research contracts, the Public Notice was affixed electronically in the normal places of FCT (Euraxess), INEGI, FEUP and other Universities.

A diverse and experienced selection panel has been assembled composed by the following doctors:

- Prof. Doctor Renato Manuel Natal Jorge, FEUP | INEGI
- Prof. Doctor Marco Paulo Lages Parente, FEUP. | INEGI
- Doctor Dulce Alves de Oliveira, INEGI

Meeting minute of November 19th, 2021

Within the deadline established in the tender protocol, there were 3 (three) applicants for the position:

- Hugo Miguel Andrade Lopes Figueiredo da Silva
- Maria Elisabete Teixeira da Silva
- Maurício Rodrigues Borges

The following applications have been declared not eligible as they did not adequately address the selection criteria:

- Hugo Miguel Andrade Lopes Figueiredo da Silva - PhD in Technical Sciences, discipline of Mechanics, did not meet the requirements of the proposal
- Maurício Rodrigues Borges - PhD in n Material Science and Engineering (Polymers and Composites) did not meet the requirements of the proposal

The candidate Maria Elisabete Teixeira da Silva meets all the criteria defined in the tender announcement. Based on the evaluation of the defined criteria, the selection panel decided unanimously to select the applicant Maria Elisabete Teixeira da Silva for the work contract with non-fixed term.
